# WHAT IS THE HOME CHILD CARE NETWORK?

The Home Child Care Network (HCCN) is a completely FREE program for licensed in-home child care providers. Our Coordinators provide one-on-one assistance to each provider in our network to help them offer the highest quality of care to the children they serve.

To qualify for the Home Child Care Network program you must meet certain qualifications, including caring for IDHS-funded children and offering extended hours of care.

To see if you qualify to be part of the home Child Care Network, contact us today!

## WHY JOIN OUR NETWORK?

- **FREE training, consultation, and administrative support**
- **Guaranteed payment on the 15th of each month**
- **Add-on rate for offering 2nd & 3rd shift and weekend care**
- **FREE learning materials and monthly curriculum**
- **FREE individualized consultation, training, and support from a Licensed Mental Health Therapist**
- **FREE provider networking meetings**
- **FREE on site-visits to help with children's needs, curriculum, ExceleRate, CDA, and much more!**

## STORIES OF SUCCESS

"I have been a part of the HCCN for almost 20 years and what I value the most about HCCN is the smaller "network" aspect of the program. ...because it is a network, HCCN is familiar with my daycare and can be very helpful in directing a parent with specific needs/requests to my program if my services would be beneficial to that specific family. My involvement in the network allows me to have my services made available to more clients and with HCCN, I'm not just another "name" on a list."

- Temia, Rock Island provider

"The HCCN offers a lot of trainings and not just any trainings, they ask our opinion on what trainings we want. We feel like we are family, we have networking meetings together to talk about concerns we might have and we can share our children when we need to close for vacation, sickness etc.... The HCCN helps us with our CDA, credentials, ExceleRate. The HCCN keeps us up to date on news from the state, DCFS or any new happenings that helps us offer high quality care."

- Tonya, East Moline provider
